

Abhainn Dubh Wind Farm Connection

Public consultation event

SSEN Transmission invites you to share your views with us.

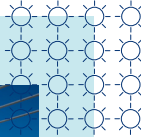

Scottish and Southern Electricity Networks (SSEN) Transmission are holding a public consultation exhibition on our proposals to provide connections for Abhainn Dubh Wind Farm.

This consultation is focused on SSEN Transmission's route selection for the proposed new connection to the grid via single circuit 132kV wood pole trident OHL technology. We would welcome your feedback to help further develop the project.

The consultation event will take place on:

Tuesday 3 September 2024, 3–7pm
Victoria Diamond Jubilee Hall,
Hermitage Street, Evanton, IV16 9YG

 @sentransmission  @SSETransmission
