

Braco West (Cambushinnie) 400kV substation

Beauly-Denny 400kV Upgrade Project

Pre-Application Consultation Event

We are pleased to be holding a statutory Pre-Application Consultation to present our proposals for the new Braco West 400kV substation, which forms part of the Beauly-Denny 400kV Upgrade Project.

The pre-application process is a key first step in the Town and Country Planning process for National planning applications.

During our face to face drop-in event you will be able to view our project proposals, ask questions to the project team and share comments and feedback. All stakeholders are invited to provide feedback specific to the proposals at this stage until 1 May 2024.

Further details will be available on the project website.

The event will be held on:

Wednesday 20 March, 3–7pm
Braco Village Hall, Feddal Road,
Braco, FK15 9QD

We encourage all members of the local community and all interested parties to attend the event.

**If you have any questions,
please do not hesitate to contact
