

# Errochty GSP Newsletter

December 2024

## Construction works continue at SSEN Transmission's Errochty substation in Tummel Bridge.

The works will see the existing site be extended to facilitate the installation of two new 90MVA 33/132kV transformers along with appropriate 132kV and 33kV switchgear to create a new Grid Supply Point (GSP).

This new Errochty GSP will provide a 33kV connection point, to accommodate all generation and demand currently served by Tummel Bridge GSP, including the requested capacity increase for Tummel Bridge Hydro Power station.

## Works carried out to date

- Both Grid Transformer (GT) bunds completed.
- Control building basement and floor complete.
- Successful delivery of both GTs to site.
- Cooler banks and associated equipment also delivered to site.

The project has a dedicated website, please scan the QR code to be taken to the project website or use the following URL: [ssen-transmission.co.uk/errochty](https://ssen-transmission.co.uk/errochty)

## Planned works: Quarter one 2025

- Installation of ancillaries for GTs.
- Concreting of structure bases continuing.
- Control building steelwork erection.
- Installation of security fencing and noise enclosures.
- Drainage works.

## If you have any questions, please do not hesitate to contact our Community Liaison Manager:

**Louise Anderson**

Lead Community Liaison Manager  
SSEN Transmission, 200 Dunkeld Road, Perth, PH1 3GH

**Tel:** 01738 341 975

**Mobile:** +44 (0) 7384 454 233

**Email:** [louise.anderson@sse.com](mailto:louise.anderson@sse.com)

## Festive period

Site closure dates for the festive period will be

**20 December 2024  
– 6 January 2025**

Although the site will be closed for all construction workers during this period, security will remain in place 7 days a week and 24 hours per day.
